---	--

1. Overview

This large international firm are seeking two commercially-minded lawyers to join its thriving UK corporate practice. The team's core work consists of a wide range of private M&A, joint venture, corporate real estate, private equity, venture capital and general corporate matters for a variety of UK-based and international clients. We work closely with our global network of offices and therefore many of our transactions involve cross-border or multi-jurisdictional aspects.

2. Main Responsibilities

The role would be based in in the Firm's Guildford office as part of a single corporate practice that works seamlessly with the London office, and would involve spending time in London on a regular basis. The corporate practice in both locations undertakes high-profile, high-value City and international work. Recent transactions led by the Guildford based team include:

- Acting for Liberty House on its well-publicised acquisition of the Caparo speciality steel business and steel processing plants from Tata Steel.
- Lead counsel on a £1bn+ trilateral international joint venture between global Shipping Corporation, Dynagas, and Chinese state backed entities Sinotrans and China LNG Shipping to build and operate ice-class LNG tankers to transport LNG via Arctic shipping routes from North Russia to Asia on a year round basis.
- £310m joint venture acquisition of Jersey corporate structures holding a prime London development property asset, by an international consortium of investors led by the prestigious City residential developer, Native Land.
- £46m sale of Pirum Systems to Five Arrows Principal Investments, the mid-market private equity fund backed by the Rothschild Group and Camwell Management LLP.
- The outsource by Santander of its cash management requirements to G4S in a £100m+ deal. Advising on a number of similar deals for G4S with other UK based banks and financial institutions.
- The sale by a Hong Kong company of the issued share capital of Unigel UK Limited, a manufacturer of filling compounds for cables, to Opcom Holdings (quoted on the Malaysian Stock Exchange) and Hikari Capital.

3. Qualifications

The successful candidates will have excellent academics, have experience at a well-regarded UK or international firm and have gained a minimum of 4 years' experience in corporate law.

4. Competencies

At Clyde & Co we recruit according to competencies which are linked to our Career Development Framework

This is the job description as constituted at present; however the Firm reserves the right to reasonably amend it in accordance with the changing needs of the business
